## YOU CAN EARN MONEY AT ANY AGE

There are lots of things that you can do to earn money! Talk with your parents about earning an allowance by doing jobs around the house.

What kind of jobs can you do?

- Cleaning your room
- Helping with yard work
- Take out the trash
- Help fold and put up laundry & pair socks
- Vacuuming
- Dusting
- Set the table for dinner
- Water flowers or garden
- Rake leaves

All of these jobs would be a great help to your parents or grandparents. Talk with them about what you would like to save your money for. When you get paid for your tasks, make sure to put your money in a safe place to build up and spend it on that special thing that you want!
